

Farmers' Market "Double Your Bucks"

Who is this for?

The "Double Your Bucks" program is for anyone who uses public benefits such as WIC vouchers, senior vouchers, FoodShare (also known as Questcard or EBT), and the new COVID-19 Pandemic EBT (P-EBT)

How do I use this program?

- 1.) Go to the information tent.
- 2.) Tell the cashier how many dollars you'd like to use from your Foodshare
- 3.) The cashier will ask you if you'd like to also receive "Double Your Bucks." This is a free to use program that gives you up to \$10 more dollars to spend directly on **fresh fruits and vegetables only.**

Where can you use it?

The "Double Your Bucks" program can be used at the following markets:
On Broadway Market (Wednesday),
Downtown Green Bay Market (Saturday),
Market on Military (Thursday), or Oneida Farmers Market (Thursday).

Quick Tip: Vendors will not give you change. If you buy produce that costs \$3.50 and give them \$4.00, you will not get .50 cents back. So, it is best to buy more produce.
